

# SJA200 SUPERJAWS

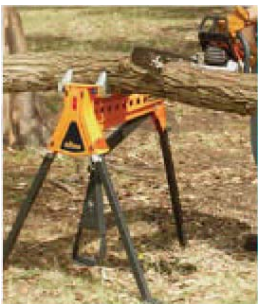

## Features & Benefits

- Instant jaw adjustment from 0 – 37"
- Urethane jaw facings provide a protective, slip-resistant grip
- Foot operated clamping, frees up your hands for full control of the job
- Robust, all-steel construction with powder coat finish for long-lasting operation
- Stand-alone design allows 360 degrees access to the work
- Powerful 2240 lbs clamping force, apply as much or as little clamping pressure as you require
- Tripod base for all-terrain stability
- Lock/release switch allows fast, trouble-free release of the jaws
- Quickly folds down for storage and transport rear leg acts as convenient carrying handle

## Optional Accessories

- ✓ Tool Tray - convenient storage of tools
- ✓ Log & Pole Gripping Jaws – chainsawing, carving
- ✓ Cast Engineers Jaws – for heavy duty metal work
